Next steps

- **Wānanga/Workshop (2 hour)**

- 50 people – organisations – Health and non-health

- **In addition, you could also consider:**

- Case studies (stories are powerful)

- One-on-one interviews with key community leaders

Report

- The purpose of the engagement is to provide the governance group for the Hokonui Locality with a summary of themes and ideas collected from a range of community and stakeholder voices during an initial community engagement project (November 22- Jan 23) to help inform the development of the Hokonui Locality Plan.
- The Hokonui Locality will plan and make recommendations for the delivery of healthcare services within the wider Gore District, serving the needs of residents and those who travel from nearby areas to receive treatment in Gore.
